Food Processing Sector in Northern India at a Glance

The exhibition will feature a strong focus on the food processing ecosystem of **North India**, with dedicated showcases highlighting the strengths of the region. Special pavilions will feature leading food-producing states including **Haryana, Punjab, Chandigarh, Himachal Pradesh, Uttarakhand, Uttar Pradesh, Jammu & Kashmir, Delhi and Ladakh**, where states will present their flagship food products, agri-horti clusters, processing infrastructure, and investment-friendly policies.

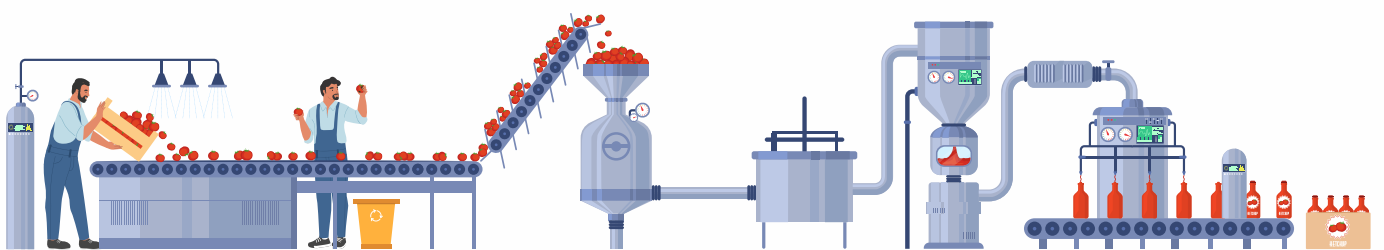

Participation in the exhibition will enable exhibitors to explore new business opportunities, connect with leading food companies, investors, and policymakers, and build strategic partnerships with both Indian and global stakeholders. The platform will help businesses tap into North India's **robust agricultural base, strong dairy and cereal production, established procurement systems, and expanding consumer markets**, unlocking significant opportunities across the food value chain.

Exhibitor Profile

- MSME Food Processors
- Startup Food & Beverage Brands
- Food Processing Companies
- Spices & Tea/ Coffee Products
- Agri & FoodTec Companies
- Packaging, Machinery & Cold Chain
- Quality Testing & Certification Firms
- Alco Bev Pavilion

Visitor Profile

- Farmers & FPOs
- Purchase Manager
- Procurement Professionals
- Food Business Managers
- Entrepreneurs & Startups
- Industry Associations
- Banks, NBFCs & Venture Funds
- Exporters & Buyers
- Government & PSU Stakeholders

Key States

Punjab

Uttarakhand

Jammu and Kashmir

Chandigarh

Himachal Pradesh

Ladakh

Haryana

Delhi

Uttar Pradesh

Key Strengths

- Leading producer of **wheat, rice, sugarcane, and dairy**
- Strong base in **milk & dairy processing (cooperatives and private sector)**
- Significant production of **fruits (apple, kinnow), vegetables & horticulture crops**
- Well-established **procurement systems & agri supply chains**

Key Processing Segments

- Dairy & milk products
- Grain milling & cereal processing
- Cold Chain & Logistics
- Fruits & vegetable processing
- Ready-to-eat & packaged foods
- Bakery & confectionery products

Policy & Government Support

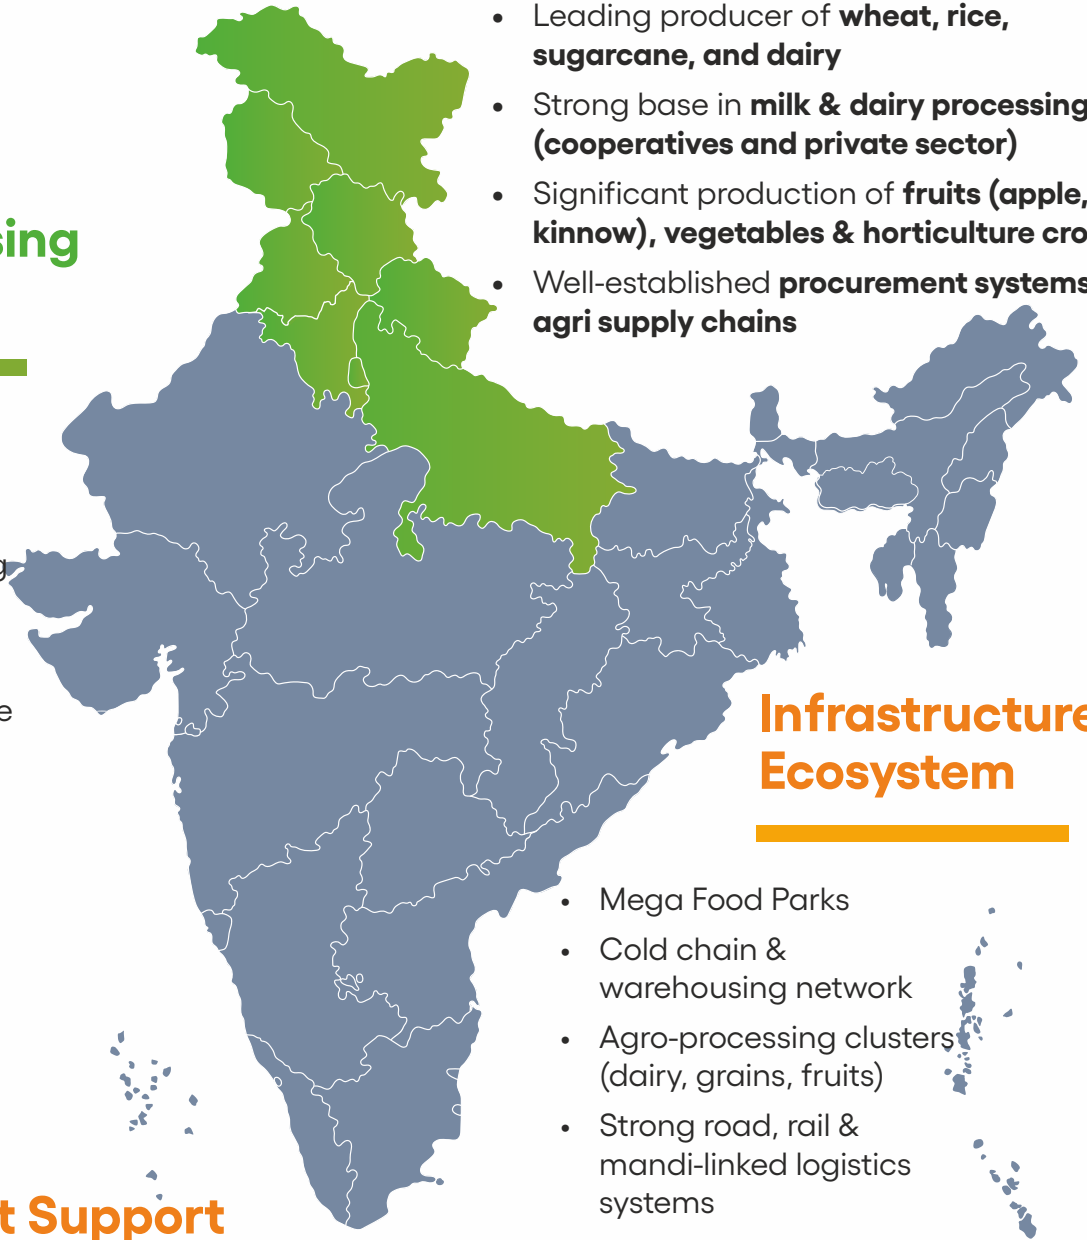

- Supportive ecosystem for food processing growth
- Incentives for:
 - Agro-processing industries
 - Cold chain & storage infrastructure
 - MSMEs & startups
- Strong linkage with central agencies like FSSAI and APEDA

Opportunities

- Dairy value addition & branded products
- Export of processed cereals & basmati rice
- Fruit processing (apple, citrus)
- Organic & natural farming products
- Ready-to-eat & convenience foods
- Food logistics & supply chain modernization

Infrastructure Ecosystem

- Mega Food Parks
- Cold chain & warehousing network
- Agro-processing clusters (dairy, grains, fruits)
- Strong road, rail & mandi-linked logistics systems

Why North India Matters

- Key contributor to India's food grain & dairy production
- Strong agri supply chains & procurement ecosystem
- Leader in cereal, dairy & horticulture-based processing
- Strategic hub for domestic distribution & consumption markets

Exhibition Space Charges:

Shell Scheme: ₹6,500/- per sqm (Min 9 sqm) + applicable taxes

Raw Space: ₹5,500/- per sqm (Min 18 sqm) + applicable taxes

Why Exhibit?

- **10,000 Sqm.** Gross Area
- **150+ Exhibitors**
- **10,000+ Visitors** during 2-day period
- **100+ Domestic/ International Buyers**
- Access **North India's vast agri & consumer market**
- Showcase **products, technologies & innovations**
- Explore **business & investment opportunities**
- Network with **industry leaders & policymakers**
- Tap into **export potential (basmati, dairy, processed foods)**
- Strengthen **brand visibility in a high-growth region**
