# Food Processing Sector in Southern India at a Glance

The exhibition will feature a strong focus on the **food processing ecosystem of South India**, with dedicated showcases highlighting the strengths of the region. Special pavilions will feature leading food-producing states including **Andhra Pradesh, Telangana, Tamil Nadu, Kerala, Karnataka, Puducherry, Andaman & Nicobar Islands and Lakshadweep**, where states will present their flagship food products, agri-horti clusters, processing infrastructure, and investment-friendly policies.

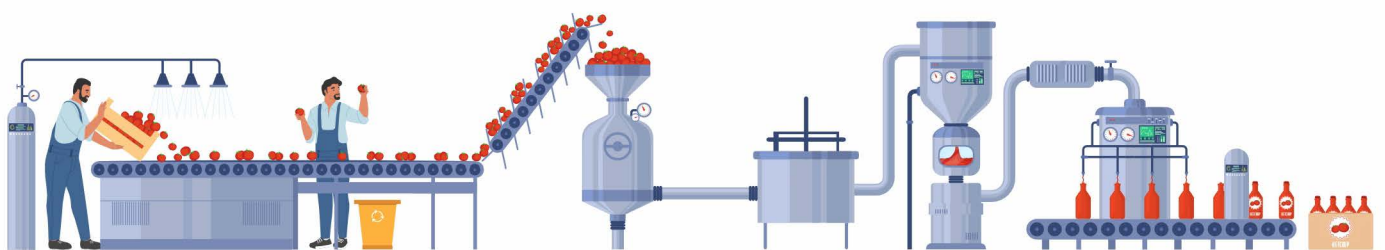

Participation in the exhibition will enable exhibitors to explore new business opportunities, connect with leading food companies, investors, and policymakers, and build strategic partnerships with both Indian and global stakeholders. The platform will help businesses tap into **South India's vibrant agricultural base, strong export ecosystem, and growing consumer market**, unlocking significant opportunities across the food value chain.

## Exhibitor Profile

- MSME Food Processors
- Startup Food & Beverage Brands
- Food Processing Companies
- Spices & Tea/ Coffee Products
- Agri & FoodTec Companies
- Packaging, Machinery & Cold Chain
- Quality Testing & Certification Firms
- Alco Bev Pavilion

## Visitor Profile

- Farmers & FPOs
- Purchase Manager
- Procurement Professionals
- Food Business Managers
- Entrepreneurs & Startups
- Industry Associations
- Banks, NBFCs & Venture Funds
- Exporters & Buyers
- Government & PSU Stakeholders

## Key States

Andhra Pradesh

Karnataka

Puducherry

Telangana

Kerala

Lakshadweep

Andaman and Nicobar Islands

## Key Strengths

- Leading producer of rice, spices, plantation crops
- Strong presence in marine & seafood exports
- Rich in coffee, tea, fruits & horticulture
- Advanced processing & logistics ecosystem

## Key Processing Segments

- Marine & Seafood
- Spices & Condiments
- Fruits & Vegetables
- Coffee, Cocoa, Tea
- Cashew & other nuts
- Milk & Dairy products
- RTE & RTC Products
- Millets & other grains
- Nutraceuticals

## Policy & Government Support

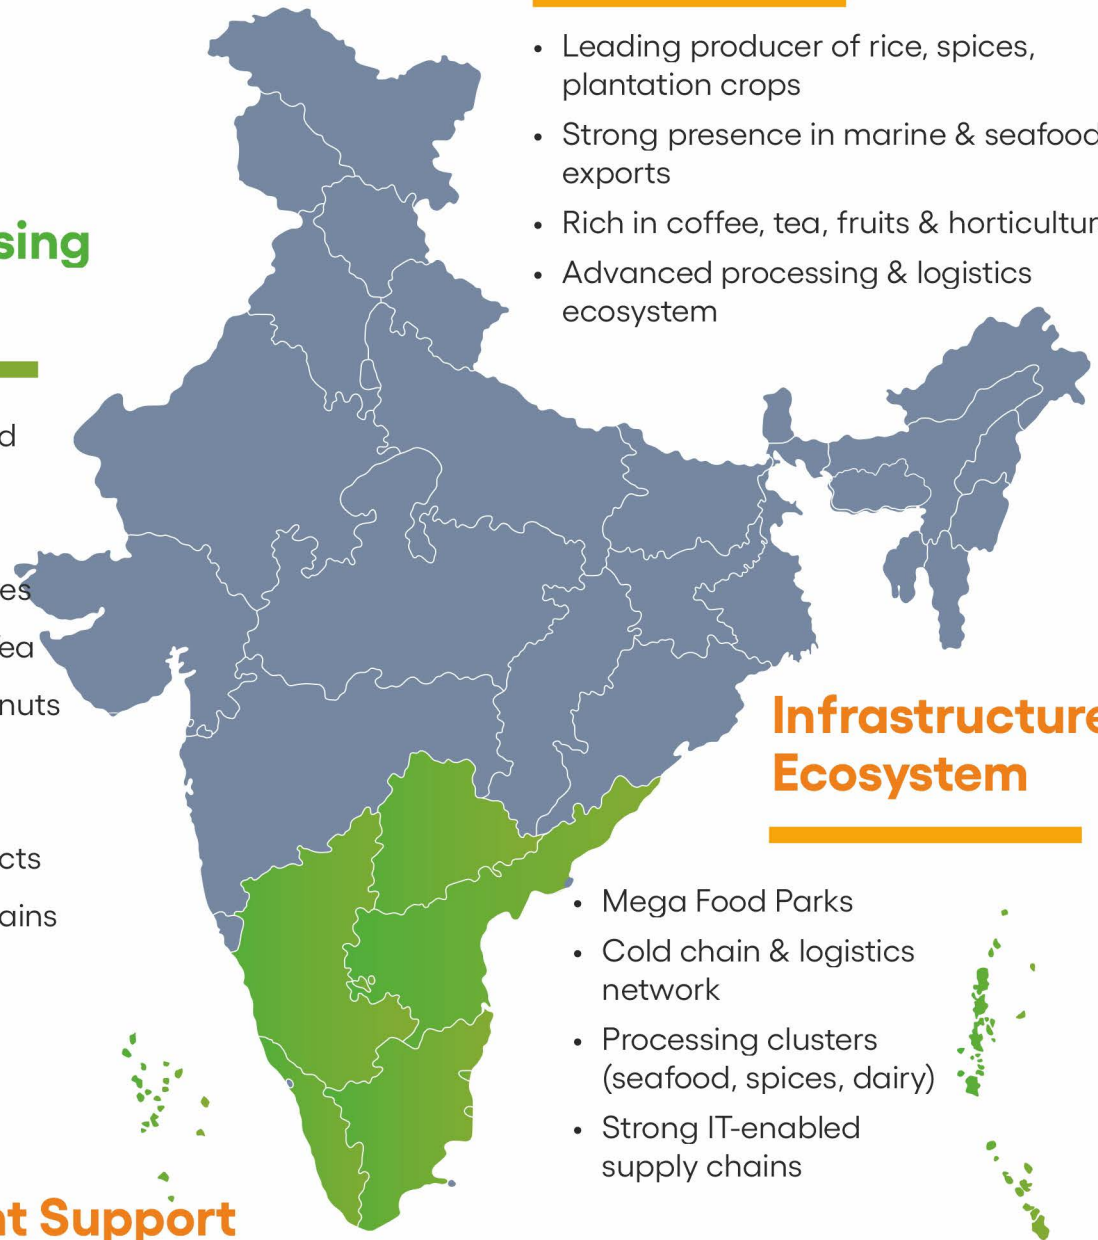

- Supportive ecosystem for food processing growth
- Incentives for:
  - Export-oriented units
  - Agro-processing clusters
  - Infrastructure development

## Opportunities

- Seafood value addition
- Organic & GI-tagged products
- Nutraceutical exports
- Food tourism & regional branding

## Infrastructure Ecosystem

- Mega Food Parks
- Cold chain & logistics network
- Processing clusters (seafood, spices, dairy)
- Strong IT-enabled supply chains

## Why South India Matters

- Export-driven growth engine
- Strong farm-to-port connectivity
- Leader in high-value food products
- Gateway to global food trade

## Exhibition Space Charges:

**Shell Scheme:** ₹6,500/- per sqm  
(Min 9 sqm) + applicable taxes

**Raw Space:** ₹5,500/- per sqm  
(Min 18 sqm) + applicable taxes

## Why Exhibit?

- 10000 Sqm. Gross Area
- 300+ Exhibitors
- 10,000+ Visitors during 2 day period
- 100+ Domestic/International Buyers
- Access South India's Growing Food Market
- Showcase Products & Innovations
- Explore Business Opportunities
- Network with Key Stakeholders
- Tap into Export Potential
- Strengthen Brand Visibility
