Food Processing Sector in Western India at a Glance

The exhibition will feature a strong focus on the food processing ecosystem of **West India**, with dedicated showcases highlighting the strengths of the region. Special pavilions will feature leading food-producing states including **Madhya Pradesh, Rajasthan, Gujarat, Chhattisgarh, Maharashtra, Goa, Daman & Diu and Dadra & Nagar Haveli**, where states will present their flagship food products, agri-horti clusters, processing infrastructure, and investment-friendly policies.

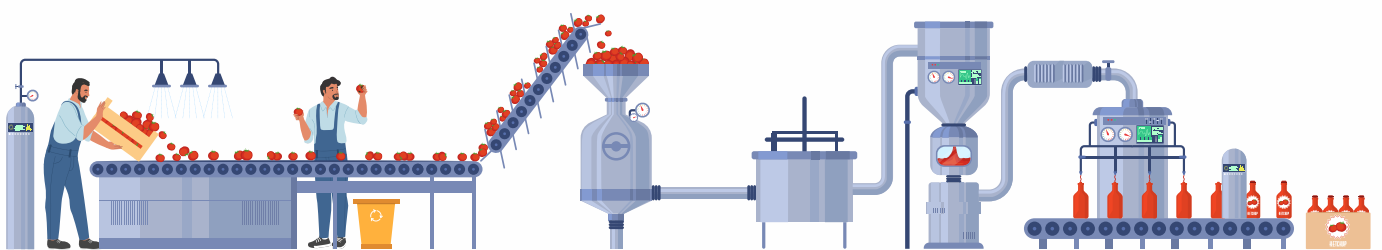

Participation in the exhibition will enable exhibitors to explore new business opportunities, connect with leading food companies, investors, and policymakers, and build strategic partnerships with both Indian and global stakeholders. The platform will help businesses tap into West India's **strong industrial base, well-developed food processing sector, robust export infrastructure, and major port connectivity**, unlocking significant opportunities across the food value chain.

Exhibitor Profile

- MSME Food Processors
- Startup Food & Beverage Brands
- Food Processing Companies
- Spices & Tea/ Coffee Products
- Agri & FoodTec Companies
- Packaging, Machinery & Cold Chain
- Quality Testing & Certification Firms
- Alco Bev Pavilion

Visitor Profile

- Farmers & FPOs
- Purchase Manager
- Procurement Professionals
- Food Business Managers
- Entrepreneurs & Startups
- Industry Associations
- Banks, NBFCs & Venture Funds
- Exporters & Buyers
- Government & PSU Stakeholders

Key States

Maharashtra

Rajasthan

Chhattisgarh

Gujarat

Goa

Madhya Pradesh

Daman & Diu and Dadra & Nagar Haveli

Key Processing Segments

- Edible oils & oilseed processing
- Dairy & milk products
- Fruits & vegetable processing
- Spices processing & exports
- Beverage industry (juices, alcoholic beverages)
- Sustainable packaging
- FPO linkages, packaging etc.

Policy & Government Support

- Supportive ecosystem for food processing growth
- Incentives for:
